

· VIRUSAFE

Breathe. Worry free. In COVID times.

Approved!

The first device in Israel scientifically proven to kill **99.9% of Coronavirus** in the Coronavirus research lab at Rambam hospital in Haifa.

Hi, I'm VIRUSAFE.

A smart air and surface disinfectant that kills 99.9% of Coronavirus in closed spaces.
15 minutes from installation - the entire room is free of Coronavirus.

Constant protection, 24/7

Return to normal life quickly

Prevents chain infections

No more fear
of close proximity

Green technology

A protective layer
in the air, and
surface disinfection

COVID and flu prevention

Protects from viruses,
bacteria, and pollutants

Where am I needed?

Kindergartens
and schools

The next generation
is protected

Houses, houses of worship,
nursing homes

Live without fear

Elevators, lobbies,
staircases

Breathe without
worries

Stores, offices,
malls

Go to work like
we used to

This is how my green technology works:

Absorbs
the air

Air comes out
purified and with
natural oxidants

Locates bacteria and
viruses in the air
and on surfaces

Attaches, attacks
and kills bacteria
and viruses

The room
is clean!
